

Free hearing

& health screenings

Friday, April 6th | 9:00 AM - 1:00 PM

921 Assembly St. | Public Health Research Center
1st floor lobby check-in table

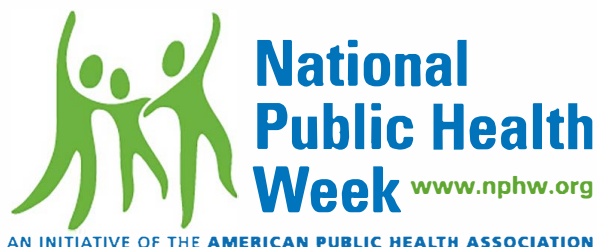

In honor of National Public Health Week the Arnold School of Public Health will be offering free hearing and health screenings!

All faculty, staff, students, and the general public are invited. Speech-Language Pathology students will be providing the hearing screenings. Exercise Science students will offer assessments of resting heart rate and blood pressure, height, weight, and body mass index (BMI), as well as an aerobic fitness assessment.

Availability will be based on a first-come, first-served basis.

Check-in will be in the 1st floor lobby of the Public Health Research Center.

Parking: limited metered parking available on Assembly, College, and Park. Discovery Garage (821 Park St.) visitor parking available for \$2 during the first hour and \$1 for each hour after.
