Program Purpose:
To enhance the crisis services array to include a statewide community crisis on-site emergency psychiatric screening and assessment.

To provide services **24/7/365** within 60 minutes of contact with the CCCI team to meet the mental health needs of residents of SC.

**Program Goals:**
Provide access and link patients to appropriate levels of care and divert from unnecessary hospitalizations and incarcerations.

Build partnerships with local law enforcement, hospitals, judges, community providers, and local mental health providers.

**Region A:** Midlands
**Region B:** Upstate
**Region C:** Pee-Dee
**Region D:** Coastal

We provide **adults and children** with clinical screening either:

- in person at the location of the crisis,
- in person at a CMHC clinic,
- via phone, or
- via Telehealth Communication Software.
